## FIRE.

## Big Blaze in Richmond—Other Burns.

Richmond, Va., 28.—About noon today, the south end of the Richmond and Petersburg railroad bridge was discovered on fire, and when the firemen arrived, the whole structure was ablaze and soon tumbled into the river. When the flames reached the Richmond end of the bridge, they seized upon the large four story brick tobacco factory, of T. M. Rutherford & Co., which was quickly destroyed. The fire spreading with frightful rapidity, laid in ashes the large, brick tobacco factories of R. A. Patterson & Co., and T. C. Williams & Co., three tobacco stemmeries of J. A. Hutchinson, two stemmeries of C. R. and F. D. Barksdale, the stemmery of Aborn & Edwards, the Vulcan Iron Works, operated by Bruce & Archer, twenty tenements occupied by poor people, about 300 feet of trestle connecting Tredegar Iron Works with the Richmond & Petersburg Railroad, ten new freight cars of the Tredegar Company, T. P. Smith's grist mill and a number of minor buildings, and a quantity of coal and lumber. At the southern, or Manchester end of the bridge, the fire destroyed the Virginia Mining and Manufacturing Company's kaoline works. The total loss is estimated at \$500,000, about half of which is covered by insurance. The rapid spread of the fire was owing to a heavy gale. One life was lost and there were several minor casualties.

Cleveland, 26.—Strong & Cobb's wholesale drug and paint house was damaged by fire this afternoon to the extent of \$60,000; well insured.

West Ansonia, 27.—Nichols' boarding house—lumber—burned. Mrs. Nichols was dangerously hurt by jumping from a window. Two young clerks, boarders, were burned to death.

Fargo, Dakota, 26.—A fire was discovered in the northeast corner of Chapin Block, about 11. At midnight the fire was apparently under control, but the wind was fresh from the north. The building was occupied by Raymond & Kingman, wholesale grocers; Luger Brothers, furniture; Chapin Hall and Masonic Hall.

## Casualties.

Havre, 26.—A life boat rescuing a shipwrecked crew in a gale capsized, and the two crews, nineteen persons, were drowned.

Wilkesbarre, Pa., 26.—There were only three miners in Laurel Run mine at the time of the explosion. They were found badly burned, lying near a stream about a mile from the scene of the explosion, one, Wm. Scoville, will die.

London, 27.—The coasting steamer Pelton founded in Bristol Channel, and eighteen persons were drowned.

San Francisco, 27.—An explosion across the bay this morning occurred in the granulating house of the Vulcan Powder Company, where the manufacture of black blasting powder was in progress. A fire broke out in the room, communicating almost instantly to the powder, only a small quantity of which was in the building. A blast of flame, however, rushed across the passage separating the granulating from the drying house. In the latter about three tons of powder was stored, which at once exploded. The concussion was not heavy, and the windows of buildings 200 yards distant were not broken. The dry house was blown to pieces, killing or wounding all the men at work there. Following is a list of the killed: George Stansfield, engineer; H. O. Lamb, carpenter; L. H. Starr, carpenter; Thomas Mills, carpenter; Mr. Stewart, general assistant about the works, and six Chinamen. Wounded: Gottlieb Koch, carpenter; W. B. Dales, foreman of the works; Peter Schofer, carpenter, and Mr. Ferris, also a carpenter. The result of the injuries of the wounded men is doubtful.

The loss of property will probably fall within \$25,000.

## Alex. H. Stephens.

New York, 27.—Herald's Washington: Alexander H. Stephens intends to retire from public life at the expiration of the present Congress. In conversation with a reporter, to-day, he was asked if reports to that effect were true. Yes, that is true, said he; in fact, when I ran for Congress in '80, I made up my mind to retire as soon as the term expired. I am now 76 years of age, and feel as if my declining health and physical debility render it proper that one more capable of performing the duties of the position should take my place. This is not a very elegant way of stating it. You can say that my retiring is due to my age and infirmities. I wish that the remainder of my days should be extended to the end of the present Congress, be spent in quiet and rest. The labors of a member of Congress are too heavy for me to discharge as I ought to. I have always been a democrat, but an independent democrat. I have never acknowledged allegiance to any party. My allegiance has been due to principle, and party organization I have never held to be other than subordinate to the great essential principles of constitutional government, as announced by Jefferson and maintained by the fathers of the republic. In that school of politics I was born and reared, and in it I expect to die.

## Longfellow.

London, 26.—The Observer this morning, closes a feeling tribute to Longfellow. It is scarcely too much to say that since the death of Byron no living English poet has enjoyed so wide popularity as Longfellow.

Boston, 26.—The funeral of Longfellow, to-day, was attended by many persons famous in the literary world. The services, which were short, were conducted by Rev. Samuel Longfellow, a brother of the deceased. The remains were laid away in the family vault in Mount Auburn Cemetery. Memorial services were held in the evening in the chapel of Harvard College.

A eulogy was pronounced by Prof. C. C. Everett.

## The Gentle Phoebe for Commissioner.

St. Louis, 26.—Miss Phoebe Cousins, the well-known woman suffrage advocate of this city, has applied to Arthur to be appointed one of the five commissioners to reorganize Utah, under the recent act Congress. A numerously signed petition for her appointment will be sent to the President in a few days.
